Possible Risks

I, Client and/ or Other Client, understand that anyone riding or even near a horse can suffer bodily and other injuries. Among other things, horses are unpredictable by nature. I also understand that all horses, even if they have no history of inflicting injury, are powerful and have the potential to be dangerous. Further, I understand that riding or being near a horse can expose me to numerous hazards, which could include for example: the propensity of a horse to behave in ways that may result in injury, harm, or death to persons around them; the unpredictability of a horse's reaction to sounds, sudden movements, and unfamiliar objects, persons, or other animals; certain hazards such as surface or subsurface conditions on, near, or off of the Peet Equestrian LLC. property; and/or collisions with other horses or objects. **Initial:** _____
